PROFILE SUMMARY

Motivated and detail-oriented professional seeking an entry-level software development position. Proficient in C/C++, Python, and Java, with experience in building dynamic web applications using HTML, CSS, JavaScript, ReactJS and Java. Demonstrated knowledge of MySQL database management. Committed to continuous learning, professional growth, and applying problem-solving skills to deliver efficient solutions.

PROJECTS

Parking Management System

07/2022 – 11/2022

- In this project we made a parking management system interface using graphical user interface, functions, files in python.
- The user gives the details of his/her name , vehicle number, entry time, exit time, by this info we will calculate the parking fee and display the details of vehicle and parking fee to be paid.
- All the details will be stored in files.

Technology Stack:

Python, Tkinter

Customized Name Board Gift Shop

01/2023 – 04/2023

- This application is built to help customers to buy customized gifts online.
- The users of the system are:
 1. Admin
 2. Customer
- The customer can choose themes for the customized gifts.
- The customer will have option to edit and cancel the order.
- The order value should be generated automatically.
- Customer can provide reviews.
- The admin can add new themes,delete the theme,edit the theme details and view themes.
- The admin can also add/delete/edit/view gifts to be customised.

Technology Stack:

Frontend: React 16+

Backend: .Net Web API

Database: MySQL

To Do List Website

05/2024 – 07/2024

- Developed a dynamic and interactive To-Do List web application using HTML, CSS, and JavaScript.
- The project includes features like adding, editing, deleting, and marking tasks as complete. Implemented local storage to retain tasks across sessions, ensuring a seamless user experience.
- Designed a responsive and user-friendly interface to enhance usability.

Technology Stack:

HTML, CSS, JavaScript

SKILLS

Programming Languages: Python, Java, C++, C#

Web Development: HTML5, CSS, JavaScript, ReactJS, .Net, MySQL

Version Control: Git & Github

Soft Skills: Problem Solving, Communication Skills, Multitasking, Adaptability

CERTIFICATIONS

Java Fundamentals - Oracle

.Net Fundamentals - Great Learning

Data Science with Python - Great Learning

Essential Training On HTML, CSS, JavaScript - LinkedIn
